SATURDAY 31ST MARCH

Fourth Session Site Visits Authentication exercise

08h30 - 10h00 Site Visit Feedback

A report, update and discussion of impressions and summary findings from the visits by Pauline Matlhaela and Patrick Baloyi who coordinated parts of the site visit activity.

10h00 – 10h30 Introduction to next phase of Workshop

Overview, framework and setting up for Site Visit Authentication

11h00 – 12h00 Working with Site Visit Records

Individual coordinators will “mark” the site visit records and record these on a simple manual spread sheet. The spread sheet includes ID information, coding of handwriting match, coding of learners’ previous experience, and comparative “blind” marks for each of the selected questions. The “marked” sets will be concurrently sampled by the Verifiers who will attempt a general assessment of the credibility reflected by the site visit authentication exercise.

:

12h00- 13h00 Site Visit Plenary

Verifiers report and lead discussion and critical review of the site based verification process.

13h00 – 14h00 Lunch

14h00- 17h00 Sixth Session

Continuation of traditional verification (1st Degree) and simultaneously initiating a deeper qualitative review of selected sets of portfolios (.3rd Degree)

The workshop will be divided into two groups. One will continue to quickly verify POE's on the traditional model. The other group will undertake a "deeper" analysis of the type piloted last year

SUNDAY 1ST APRIL SEVENTH SESSION
